- 1) An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 11-18 are cancelled.

- 2) The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the cited prior art does not show: a top separator configured to be used in a continuous digester for producing pulp from cellulose chips and includes a digester vessel and a single chip inlet conduit that extends through the digester vessel and is configured to alternatively supply chips to an inlet port of the top separator and directly to the digester (claims 1, 8); a top separator configured to be used in a continuous digester for producing pulp from cellulose chips and includes a digester vessel and a chip inlet conduit that extends through the digester vessel and is configured to alternatively supply chips to an inlet port of the top separator and directly to the digester, wherein the chip inlet conduit further comprises **a first chip inlet pipe** extending into the vessel and in fluid communication with the chip inlet port of the separator and **a second chip inlet pipe** extending into the vessel and having a discharge port directly open to the vessel and below a separator (claim 6).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
